ASBESTOS DISCLOSURE

Asbestos is a common building material that may be present in many buildings constructed prior to 1981.

The United States Environmental Protection Agency (EPA) has determined the mere presence of asbestos materials does not pose a health risk to residents and that such materials are safe as long as they are disturbed or dislodged in a manner that causes the asbestos fibers to be released. Sanding, scraping, pounding and other remodeling techniques that release dust may cause asbestos particles to become airborne.

EPA rules do not require the material to be removed. Federal law requires that reasonable precautions are taken to minimize the chance of damage or disturbance of asbestos containing materials.

Tenant(s) acknowledge this is a WARNING that the Leased Premises may contain asbestos and may expose him/her to a chemical known to cause cancer.

Tenant(s) agree that no improvements, alterations, modifications, or repairs to the premises shall be made without the express approval of the Landlord. This approval will depend upon acceptance of a written plan of protection from the release of or exposure to asbestos.

Tenant(s) may hang only pictures and other wall ornaments with hangers that are less than ¼” diameter. Tenant(s) will notify the Landlord immediately where there exists a hole larger than ¼” diameter, evidence of a water leak, and/or any appearance of crumbling or peeling in the wallboard or ceilings.

☐ Landlord discloses any known information concerning asbestos hazards located in or around the following areas of the Leased Premises.

☒ Landlord has no knowledge of asbestos and/or asbestos hazards located in or around the leased Premises.

In March 2011, a home inspection was performed and asbestos was found in limited quantity in the basement and 3rd floor closet verbally by the home inspector. In April 2011, Air Safe, Inc. was hired to professionally remove all accessible asbestos duct insulation from the premises according to proper Federal, State and Local regulations. There is no further knowledge of asbestos and/or asbestos hazards in or around the leased Premises.
